

A wide, calm river flows through a landscape. The sky is blue with scattered white clouds. The riverbanks are lined with dense green trees and bushes. In the distance, some industrial structures or power lines are visible on the horizon.

**As far as the east is from the west, so far hath He
removed our transgressions from us.
Psalm 103:12**

Printing Instructions

The above photo is A4 in size. After printing out you will need to trim off the white borders. The final size should be approximately $9 \frac{7}{8}$ inches (25 centimetres) by $7 \frac{3}{4}$ inches (19.5 centimetres). Setting your printer to print this photo out as borderless will not work with this PDF File, although you will get a slightly bigger print.

To print it out I would suggest that you use proper photo paper (which can be purchase at most stationers shops), and set you printer to high resolution.

When printing out please make sure that you have the photo page showing on your Adobe Reader and select print current page to avoid printing out this page also (unless of course you wish to print this page).
